

Department of Architecture

Architectural Design

Duration: 1 month

Supervisor: Ass. Professor Viktoriia Vasileva

e-mail: v-v-vik@yandex.ru

Language of training: English

Audience: graduate students, undergraduates

With faculties and areas of study such as Architecture and Urbanism the Saratov State Technical University has a distinctive identity. We are pleased that you use **one month** to get to know our university. Discover what it means to study, live and have fun at this unique university with its eventful history. Enjoy inspiring conversations and obtain new impulses.

The course explores architectural concepts and methods through class presentations, on-site visits and studio practice. You will discover the identity of the city of Saratov, its historical center and story. You will see the great river Volga. Each class examines particular building types, design principles and methodologies, leading to practical design techniques. The course will include as well site analysis and modeling of design ideas. Your final project will be to design a Water Museum or a Space Museum in Saratov.

Requirements

Student must provide a portfolio. Knowledge of English or Russian is required. Student need to use entry-level graphics programs - ArchiCAD, AutoCAD, 3DMAX, SketchUP, Photoshop.
